Full Graduate Faculty: Antognoli, Biehler, Shum, Taylor.

The master of science degree in nursing (M.S.N.) is built around a nursing theory core. Students select a role specialization in administration, teaching or family nurse practitioner (FNP). A post master's FNP course of study is available for nurses with a M.S.N. degree seeking to become FNPs. Graduate nursing courses are grouped in block scheduling allowing students to come to campus one day a week for six hours credit. Some courses are offered on the Internet. The M.S.N. program in nursing is accredited by the Commission on Collegiate Nursing Education. Students who select the FNP role are eligible to apply for State Board of Nursing approval to practice as an FNP upon successfully passing a national certification examination.

The Division of Nursing, located on the main campus of WTAMU, includes classrooms, laboratories, a Learning Center and faculty offices. Clinical experience is provided in health facilities in Amarillo, Canyon and area communities.

Admission Requirements

In addition to University requirements for admission, the applicant must have:

- A minimum of a B.S.N. degree from a CCNE- or NLN-accredited school of nursing and RN licensure in the state in which practicums will be done.
- A minimum average of "B" with no grade below "C" for the last 60 hours taken.
- Graduate School acceptance and completion of the Graduate Record Examination (GRE may be taken first semester).
- Completion of a basic statistics course with a grade of "C" or higher.
- Current CPR certification.
- Current immunizations, including Hepatitis B.
- Professional liability insurance coverage.
- For the Family Nurse Practitioner role, at least two years of recent clinical practice as an RN.

Probationary admission may be granted for students with less than the admission scores, following individual review. Refer to the "Graduate School" section of this catalog for further information about probationary status.

Transfer Students

Refer to "Procedures and Policies" section of this catalog.

General Requirements

Each student will:

- Complete an approved curriculum of at least 39 semester hours with a "B" average or above. Family Nurse Practitioner (FNP) students must complete the approved 48-hour curriculum.
- Pass the comprehensive examination—portfolio synthesis requirement.
- Comply with any additional Division of Nursing and general University requirements for the master of science degree.
- Select one of two thesis options:
 - Option 1—Thesis
 - Option 2—Non-Thesis (Student must take six additional hours that enhance research skills or role specialization.)
