

October 14, 2010

WT Women invites all women who support and serve West Texas A&M University to participate in our many service and social activities. Our mission is to support scholarships for our students, with 4-5 WT staff and faculty family member scholarships every year, and to serve the University and the surrounding communities. Our WT Women registration form that is found on this website lists the standing committees currently active in our organization. I will be glad to provide more information on all the projects we support.

This year we are celebrating 40 years of WT Women on our campus and we will plan additional activities to commemorate this anniversary. Although our projects are devoted to service, we have planned some activities so members can enjoy fun and food with their families (Fall Harvest Festival and Summer Family Picnic). The BIT Dinner Theatre in February is designed to bring us all together so could can get to know spouses or partners; we have dinner and then enjoy the WT play of the season in the new Branding Iron Theatre (BIT).

I look forward to welcoming you personally to WT Women! May the 2010-2011 year be a productive and safe one for all of us.

Sissy Campbell, WT Women President
