

CITI Registration Guidance for *Most Laboratory Animal Subjects* Researchers

As you move through the CITI registration process, you will arrive at the screen reflected in the screenshot below. The “Role in research” item opens into a small window requesting a selection from the researcher. This selection will determine the training modules that you will need to complete. Common selections for WTAMU researchers are noted with arrows.

As you continue through the registration process and arrive at the screen represented by the screenshot below, scroll to question 5, Laboratory Animal Welfare. Select “Working with the IACUC Course”, if you plan to use lab animals in your work. And/or, If you are an IACUC committee member, select “Essentials for IACUC members”. Also, choose the appropriate species depending on your research work.

Question 1 Human Subjects Research

Please choose one learner group below based on your role and the type of human subjects activities you will conduct. You will be enrolled in the Basic Course for that group.

Choose one answer

- Biomedical Research Investigators:** Choose this group to satisfy CITI training requirements for Investigators and staff involved primarily in Biomedical research with human subjects.
- Social & Behavioral Research Investigators:** Choose this group to satisfy CITI training requirements for Investigators and staff involved primarily in Social and Behavioral research with human subjects.
- IRB Members:** This Basic Course is appropriate for IRB or Ethics Committee members.
- Students conducting no more than minimal risk research**

Question 5 Laboratory Animal Welfare

Do you conduct studies that use Lab animals?

- ▶ If YES, then you must complete the Basic course and the appropriate species specific modules.
- ▶ If you are an IACUC Member you should complete the "Essentials for IACUC Members".
- ▶ Choose the appropriate species specific electives according to your research interests.

Choose all that apply

- "Working with the IACUC Course" is required if you plan to use lab animals in your work.
- If you are an IACUC Member you are required to complete the "Essentials for IACUC Members" course now.

Choose the appropriate species specific electives depending on your work or interests.

- I work with Mice. Family: Muridae Cricetidae
- I work with Frogs, Toads or other Amphibians
- I work with Rats. Genus: Rattus
- I work with Swine
