Master of Curriculum & Instruction

Who pursues this program?
- New and experienced teachers.
- Teachers who want to study current research on best practices and curriculum development.
- Teachers who would like to work as curriculum specialists in school districts.

How does the program work?
- 36-hour program.
- Program can be completed in two years
- Most courses are online, but some may be taught in a classroom setting.

How will this degree benefit me?
Graduates of this program use their knowledge of curriculum development to improve their own classroom curriculum or to become curriculum specialists in school districts.

What courses will I take?
- 18 hours of graduate level core education courses
- 18 hours of graduate level coursework. Other areas of study include education courses and content areas (e.g., history, mathematics, science, English, etc.)
- At least 6 hours are taken outside of education

What sets this program apart from other programs?
This program has flexibility for elementary, middle school, secondary, or junior college educators in that core requirements consist of 18 hours and the remaining hours of coursework are designed to meet each student’s professional goals.
