Venture Capital Financing in India

May 2013

For our international Monetary Economics course, Paul and I decided to study the emerging venture capital industry in India. By looking at data from the World Bank, we were able to understand the challenges and opportunities facing this nascent sector. And we developed a series of recommendations for overcoming these challenges, which we delivered to our professor in a final term paper

Recommendations

⁶⁶ David spent the summer with us at Berkeley Ventures and made an immediate impact. He showed us a brand new technique for firm analysis that he had just learned in school and came through with recommendations that opened our eves to a unique set of opportunities.

We don't normally hire undergrads as interns but after working with David, we will again!
