

Too Deep
By Jamie Pratt

I've lived a long time
My troubles were few
I had peace of mind
Until I met you

I've found no surcease
I'm stumbling blind
I can't seek release
From cruelty of your kind

I'm naked and scared
You've stolen my heart
Shamed as my soul is bared
And then torn apart

Your eyes hold hate
Your touch is callous
Now it's too late
To flee from your malice

I'm trapped by my love
Chilled to the bone
No help from above
No way to go home
