FERPA and Student Education Records

Annually, West Texas A&M University informs students of the Family Educational Rights and Privacy Act (FERPA) of 1974, as amended. This act, with which the institution intends to comply fully, was designated to protect the privacy of education records, to establish the right of students to inspect and review their education records, to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings, and to submit an explanatory statement for inclusion in the education record if the outcome of the hearing is unsatisfactory.

Students have the right to file complaints with the Family Educational Rights and Privacy Act Office of the Department of Education in Washington, D.C., concerning alleged failures by the University to comply with the act. Written complaints should be directed to Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, D.C., 10101-4605.

Local policy explains in detail the procedures to be used by the institution for compliance with provisions of the act. Copies of the policy may be obtained at the Office of the Registrar, located in Old Main, Room 103, on the WTAMU campus. Questions concerning FERPA may be referred to the Office of the Registrar.

Under provisions of FERPA, as amended, students have the right to withhold disclosure of directory information as listed. Directory information consists of student’s name, local and permanent address, telephone number, date and place of birth, marital status, major field of study, classification, participation in officially recognized activities and sports, height and weight if a member of an athletic team, date of attendance, degrees, awards and honors received, enrollment status (part-time, full-time, undergraduate, graduate), the most recent educational institution attended.

Directory information may be disclosed unless students request in writing that directory information not be divulged. Requests must be filed with the Office of the Registrar by the 12th class day of each long semester or the fourth class day of a summer semester.

Buff Advisor
Tips for Using Search for Classes

You have two options for using Search for Classes on Buff Advisor. You can click on Prospective Students and use the link there without logging into Buff Advisor or you can log in, choose Students and then Search for Classes listed under Registration. You must enter at least two pieces of information for your search. Keep in mind that the more criteria you enter, the more narrow your search. If you want a larger selection to view, choose the fewest possible pieces of information.

Buff Advisor provides up-to-the-minute information on courses that are available for registration and what is open or closed. It is much more accurate than any printed information you may have received.

Choose the term from the drop down menu: 2012JAN or 2012SP

If you are looking for a specific topic of course, choose from the drop down menu.

If you only want courses that meet on a certain day or days, you can check the appropriate boxes.

If you only want courses that meet in certain locations you can specify here. For example:
023—Web-based
100— On campus
300— Amarillo campus

You can enter a specific course number

Once you have your selections entered, click SUBMIT

Form fields include: Term, Starting On/After Date, Ending By Date, Subjects, Course Levels, Course Number, Section, Sections Meeting After, Sections Ending Before, Mon-Tue-Sat-Sun checkboxes, Course Title Keyword(s), Location, Academic Level, Instructor's Last Name, and a SUBMIT button.

Footer: LOG OUT, MAIN MENU, STUDENTS MENU, WT HOME PAGE, CONTACT US, WTAMU Discover the BUFF in You.

Search and Register for Classes

The “Search and Register for Classes” can only be accessed when logged into your Buff Advisor account. It works much the same way that Search for Classes does except when it shows your search results, it provides a checkbox to “Select” the sections of the course you want to register for. When you have chosen the section, it then allows you to take an “Action” and from the drop down box choose “RG Register.” If there is a problem, it will give you an alert message across the top of the resulting screen. If not, it will verify the registration for the class(es) you chose.

Waitlisting

If a course is closed, a student may elect to place themselves on the “waitlist”. If an enrolled student drops the course, an email is sent to the first person on the waitlist giving him the opportunity to enroll in that spot. Students have a 3 day window in which to respond to the email and register or their time will expire and the offer to enroll goes to the next student on the waitlist. Waitlisting closes approximately 5 days prior to the start of a semester.

What if I can't register for a class on Buff Advisor?

If a student did not get into the desired course during waitlisting or needs prerequisites or departmental consent, he may petition departments for an add to any course blocked by Buff Advisor. The faculty member for the course will complete and sign a “blue card” for the course. This card must be turned in to the Office of the Registrar for it to be entered into the student information system. Cards received after registration deadlines have passed will not be entered.

Payment Procedures and Deadlines

NOTE: Consequences of not making payment by deadline: deletion of schedule, subject to a re-enrollment fee.

Payment Arrangements

Students With Financial Aid (Aid does not apply to intersession semesters.)

The award of aid/scholarships/loans applied to the AR (accounts receivable) balance is only one step in payment arrangements. Students must complete one of the following steps by the appropriate deadline:

- If the award is more than 25% of the AR balance, the student must pay the balance or complete a Payment Plan through Buff Advisor for the balance.
- If the award is less than 25% of the AR balance, the student must pay the remaining AR balance or pay the difference, up to 25% of the AR balance, and complete a Payment Plan through Buff Advisor for the balance.

NOTE: Having applied for financial aid does not constitute payment. The aid must be awarded and accepted by the appropriate deadline.

Students Without Financial Aid

Payment must be made by cash, check or credit card (VISA, MasterCard or Discover). Students **must** complete one of the following steps by the appropriate deadline:

- Pay AR (accounts receivable) balance.
- Pay 25% of AR balance and complete Payment Plan for the balance .

Payment Responsibility

It is the student's responsibility to ensure payment is made in accordance with the state-mandated payment schedules. Payment should be received in the Office of Accounting and Business by the deadline dates. Students whose accounts are not paid will have their enrollment cancelled.

Billing Procedures

Students who take advantage of priority registration will receive an email at the University-assigned address notifying them that their bill is available on Buff Advisor.

Method of Payment

- Credit Card - MasterCard, Visa and Discover

AR (Accounts Receivable) Balance

Contains tuition and all fees. May include fees for drop/adds, late processing, parking permits, residential living, meal plans and books.

Payment Plan

Available only after student has paid at least 25% of the bill by the payment due date. The amount covered by the plan requires three equal payments during the semester. Late payment on the installments will have fees assessed in accordance with University policy. Late or nonpayment may block further enrollment and/or credit for work done that semester. Payment Plans are not available for intersession or summer semesters. Payment Plan information is available on Buff Advisor.

Emergency Loan

If payment cannot be made by published due dates, students can apply for an emergency loan for tuition and fees through Buff Advisor, <https://sis.wtamu.edu>. These loans are short-term loans due in 90 days (45 days in summer semesters). For more information, contact the Office of Accounting and Business at (806)651-2080.

Legislation to Consider When Registering or Dropping Classes

150% Rule for Federal Financial Aid

Students who have not received a bachelor's degree but have attempted 150% of the hours required to receive a degree will no longer be eligible for Federal Financial Aid. This is a federal requirement meant to limit a student receiving excess credit hours without progress to completing a degree. Only hours for one major are considered in this calculation.

6 Drop Limit

The 80th Texas Legislature passed SB 1231 in Spring 2007, which added section 51.907— limitations on number of courses that may be dropped under certain circumstances - to the Texas Education Code. The legislation states that “an institution of higher education may not permit an undergraduate student a total of more than six dropped courses, including any course a transfer student dropped at another (public) institution of higher education” in Texas with certain stipulations and exceptions. This legislation impacts students enrolling as entering freshmen or first-time-in-college (FTIC) students during Fall 2007 or any subsequent semester.

Excessive Undergraduate Hours (30/45 hour rules)

The state of Texas will not provide funds to state institutions of higher education for excess semester credit hours attempted by a resident student. Because funding will not be provided by the state, and as permitted by state law, West Texas A&M University will charge tuition at the non-resident rate to all students who exceed the semester credit hour limit for their program. Excess credit hours are those which accrue after the student exceeds the allowable number of semester credit hours required for completion of the degree program in which the student is enrolled. Students may accumulate up to the allowable hours beyond the degree requirements and not exceed the limitation.

Allowable excess credit hours beyond degree requirements are:

- For students who began fall 1999 through summer 2006, 45 semester credit hours.
- For students who began fall 2006 and after, 30 semester credit hours.

Repeated Courses

Students are charged a fee (\$106 per semester credit hour above regulation tuition) for any course attempted for a third or subsequent time at WTAMU other than a non-degree credit developmental course or exempted courses.

Courses exempted from the fee include thesis or dissertation courses, approved repeatable courses, independent study or special topics courses where the content is different each time, continuing education courses taken to retain professional certification.

Tuition Rebate

The purpose of the Tuition Rebate Program is to provide rebates of up to \$1000 as a financial incentive for students to complete their baccalaureate studies with as few extra courses as possible. The program is available for Texas resident students who have enrolled for the first time in an institution of higher education since 1997.

To be eligible, the student must graduate in 4 years if their first enrollment was fall 2005 or later; be working on a first baccalaureate degree; have been a resident of Texas eligible to pay Texas resident tuition; have attempted no more than 3 hours in excess of those required for their degree; request consideration for the rebate at the time they apply for graduation by submitting the Tuition Rebate Application (found on the Registrar website as a part of the graduation application).

More information on the 150% rule for federal financial aid and Satisfactory Academic Progress may be found at: <http://www.wtamu.edu/student-support/financial-satisfactory-academic-progress.aspx>

**More information on the other policies may be found at:

Other Options for Learning

Amarillo Center

Since the fall of 2008, WTAMU has offered classes at the Amarillo Center on the 10th and 11th floors of the Chase Building at 600 S. Tyler, (806)651-8200. Select upper-level and graduate classes are offered face-to-face and through ITV. These courses are noted in Buff Advisor with a location code of 300-Amarillo Campus and with a building code of WTA.

Auditing a course

With permission of the instructor and approval of the department head, certain courses may be audited for non-credit. Individuals must be at least 19 years of age and have a high school diploma or its equivalent to audit a course. An audit fee of \$20 per semester credit hour, or a maximum of \$60, will be charged.

Auditing status provides the privilege of class attendance only and does not include taking examinations, submitting papers or participating in laboratories, clinicals or performance activities (e.g., fitness and recreational activity courses, studio art, applied music, dance). If a course is filled with credit students, no audits will be allowed. No official University record is kept of auditing courses.

Audit approval forms are available in the Office of Accounting and Business in Old Main.

Independent/Correspondence Study

The WTAMU Independent/Correspondence Program enables students to take and complete courses at their own pace. From the date of enrollment, students have one calendar year to complete a course. Registration can be at any time. For more information contact the Continuing Education Center at (806)651-2037 or check out the site at <http://www.wtamu.edu/academics/continuing-ed-independent-study.aspx>

Take courses live without leaving your hometown. WTAMU provides live courses in various Texas Panhandle communities via interactive television (ITV). Area public school ITV Classrooms are linked to WTAMU through the Region 16 Education Service Center Network. Courses offered via ITV will be listed in the course schedule as sections 90-98, section 90 being Canyon campus, and sections 91-98 identifying each location other than Canyon campus. Section 99 identifies courses received through the Texas Electronic Coalition for Physics. Students will need to enroll in the section that identifies the location the student plans to attend.
