NIST CONTROL FAMILY
AUDIT AND ACCOUNTABILITY CONTROLS

CONTROL NUMBER	CONTROL NAME	PRIORITY	REVIEW DATE
AU-4	Audit Storage Capacity	P1	07/09/2017

I. STATEMENT

West Texas A&M University information systems must allocate audit record storage capacity and configure auditing to reduce the likelihood of such capacity being exceeded

II. APPLICABILITY

This Control applies to all West Texas A&M network information resources. The intended audience for this Control includes all information resource owners, custodians, and users of information resources.

III. IMPLEMENTATION

Information systems shall ensure that logs are transmitted to a centralized log server or there is sufficient storage capacity on the local server or system to retain at least 90 days of logs.
