CONFIGURATION MANAGEMENT CONTROLS

CONTROL NUMBER	CONTROL NAME	PRIORITY	REVIEW DATE
CM-11	User Installed Software	P1	07/09/2017

I. STATEMENT

West Texas A&M University users must use software and associated documentation in accordance with contract agreements and copyright laws. WTAMU must track the use of software and associated licenses to control copying and distribution. WTAMU must control and document the use of peer-to-peer file sharing technology to ensure that this capability is not used for the unauthorized distribution, display, performance, or reproduction of copyrighted work.

II. APPLICABILITY

This control applies to all West Texas A&M network information resources. The intended audience for this control includes all information resource owners, custodians, and users of information resources.

III. IMPLEMENTATION

Users are not prohibited from installation of software; however custodians may remove any software that is deemed to be causing performance issues or is known to degrade the security of Information Resources.
