NIST CONTROL FAMILY  
IDENTIFICATION AND AUTHENTICATION CONTROLS

CONTROL NUMBER	CONTROL NAME	PRIORITY	REVIEW DATE
PE-13	Fire Protection	P1	07/23/2017

**STATEMENT**

WTAMU employs and maintains fire suppression and detection devices/systems for the information systems that are supported by an independent energy source.

**I. APPLICABILITY**

This Control applies to all West Texas A&M network information resources. The intended audience for this Control includes all information resource owners, custodians, and users of information resources.

**II. IMPLEMENTATION**

WTAMU deploys appropriate fire suppression equipment to protect the University data center in the event of a fire. The computer center staff receives training in appropriate response and use of fire suppression equipment in case of such emergencies.
