NIST CONTROL FAMILY  
IDENTIFICATION AND AUTHENTICATION CONTROLS

CONTROL NUMBER	CONTROL NAME	PRIORITY	REVIEW DATE
PE-14	Temperature and Humidity Controls	P1	07/23/2017

**STATEMENT**

WTAMU maintains optimal temperature and humidity levels within the University data center facility where all production information systems reside and monitors temperature and humidity levels as required to maintain operations.

**I. APPLICABILITY**

This Control applies to all West Texas A&M network information resources. The intended audience for this Control includes all information resource owners, custodians, and users of information resources.

**II. IMPLEMENTATION**

The University data center production floor must have humidity monitoring capabilities.
