I. OVERVIEW

The West Texas A&M Information Security Controls Catalog establishes the minimum standards and controls for University information security in accordance with the state's Information Security Standards for Institutions of Higher Education found in Title 1, Chapter 202, Texas Administrative Code (TAC 202).

II. PURPOSE

To develop, document, and disseminate a security planning policy that addresses purpose, scope, roles, responsibilities, management commitment, coordination among organizational entities, and compliance; and to establish, update, and review procedures to facilitate the implementation of the security planning policy and associated security planning controls.

III. SCOPE

The scope of these regulations and procedures are applicable to all information resources owned or operated by WTAMU. All users are responsible for adhering to this policy. If needed or appropriate, information regarding roles, responsibilities, management commitment, and coordination among organizational entities are embedded within these procedures.

IV. REGULATIONS AND PROCEDURES

The State of Texas Department of Information Resources (DIR) has chosen to adopt a select number of Security Planning Controls as established within the NIST SP 800-53 control family guidelines identified by the [DIR Security Control Standards Catalog](#). WTAMU has written, documented security policies and procedure in place.
