

The Division of Information Technology
University Information Security Standards

NIST CONTROL FAMILY
IDENTIFICATION AND AUTHENTICATION CONTROLS

CONTROL NUMBER	CONTROL NAME	PRIORITY	REVIEW DATE
PM-7	Enterprise Architecture	P1	07/23/2017

I. STATEMENT

The University develops enterprise architecture with consideration for information security and the resulting risk to operations, organizational assets, individuals, other organizations, and the nation.

II. APPLICABILITY

This Control applies to all West Texas A&M network information resources. The intended audience for this Control includes all information resource owners, custodians, and users of information resources.

III. IMPLEMENTATION

State implementation of this standard is an outcome of TAC 202 implementation.
