Once students are admitted to West Texas A&M University, they can gain admittance to the College of Business by satisfactorily completing a set of preadmission courses and completing 30 credit hours of undergraduate course work. Through its admission policies and procedures, the College of Business is able to help students succeed in specific business major concentrations by only admitting those students who are qualified and have the basic skills to complete a business degree.

Pre-Business Requirements

Admission requirements into the College of Business involve the completion of a prebusiness core with an earned grade of "C" or higher in all courses.

PB The pre-business courses include 12 credit hours from the following: ECON 2301 or ECON 2302; MATH 1324 (or equivalent); ENGL 1301; BUSI 1304, CIDM 1301 or 1315, FIN 1307, or University Core 90 equivalent.

Upon completion of the pre-business core, students should meet with an academic advisor in the College of Business, select a specific business major concentration area (e.g., accounting, economics, finance, marketing, management, general business, or computer information systems), apply for a degree plan, and register with the Office of Career Services. Students seeking admission to the business program that have completed 30 or more credit hours in a different major or as a transfer student may be admitted to the business program with a 2.5 cumulative GPA or approval by the associate dean of undergraduate business programs. New students in the top ten percent of an admission class may be admitted directly into the business program by invitation of the associate dean.

Additional notes:

- ◆ The core curriculum must total exactly 42 hours; excess hours must be moved to the major as an elective or a major requirement and stay within the 120-hour requirement or approved total submitted to the Coordinating Board for degree requirements. Some majors specify particular courses to meet core curriculum requirements when options are available.
- •• Or University Core 90 equivalent. **Note: only six hours are required for Code 90**; extra hours from 4-hour Core 30 courses (if taken) will count towards Core 90 (or as elective hours if the two 3-hour courses indicated are taken for Core 90.
- * Indicates prerequisites—see catalog for more information.
- ** Or an equivalent course (second year, second semester) in a foreign language.
- *** Preferred.
