

### PUP Students Facts

The PUP Program (Pre-University Partnership) is a program where high school students can enroll at WT to take college level courses and receive college level credit while still in high school. A study was done to see how successful this program was, at not only generating credit hours at WT but at PUP students matriculating into WT students once they graduate from high school.

Since its inception in 2006, PUP students (413 total) have generated 3,162 semester credit hours. However, some of these students have persisted here at WT, after losing their PUP status, and those students have generated 10,882 non-PUP semester credit hours and produced 74 graduates.

Thirty-eight percent of the 413 PUP students began here in the fall of 2021, so we can't really talk about long term success in that many of these students haven't had the opportunity to graduate. The chart below shows the percentage of PUP students who have graduated from WT, based on the semester they began.
