

11.08.99.W2 Bereavement

Approved August 28, 2020

Procedure Summary

The purpose of the bereavement procedure is to communicate the official University protocol, explaining the processes of different units on campus as it relates to bereavement and what steps need to be completed in order to fulfill bereavement requests. The loss of a WT Buffalo is a trying time as the University must ensure matters are handled promptly and appropriately. This requires attention to detail, but above all, compassion and care. This document should act as a guide while remaining adaptable to circumstances and providing thorough information to complete actions.

Procedure

1. DEATH OF STUDENTS

1.1 Departmental Responsibilities with Student Death

The Office of the Vice President for Student Enrollment, Engagement and Success (OVPSEES or VPSEES) oversees the bereavement process for students. Any person receiving knowledge of the death of a student should immediately notify the OVPSEES by emailing bereavement@wtamu.edu, after which each of the following areas will complete the responsibilities as specified below, when appropriate.

1.1.1 University Police Department (806-651-2300)

1.1.1.1 Once a death has been reported, the Chief of Police or designee will determine the immediate actions to follow. UPD will oversee their response to the death. Any other agency having jurisdiction where the death occurred will be responsible for notifying the next of kin. Often, this will be UPD. If out of town, UPD will send a Law Enforcement (LE) Teletype to the agency where the next of kin lives, and the agency there will notify, in person, on behalf of UPD.

1.1.1.2 In the event of an on-campus death, UPD will respond immediately to protect lives and secure the scene, as well as coordinate with local law enforcement and emergency personnel. UPD will be the agency of first facts in order to assess the situation appropriately. Residence hall deaths specify

that staff will immediately notify UPD and follow their internal notification procedures until the Residential Living Director and the VPSEES offices have been contacted.

- 1.1.1.3 It is crucial to acknowledge the connectedness of students and realize that information travels quickly through social media and texting. Please be prudent so that the next of kin does not learn of a death via these avenues.
- 1.1.1.4 UPD will assist with determining the circumstances of a death and issue an immediate notification or timely warning notice. City, county, and pertinent law enforcement agencies will be notified.
- 1.1.1.5 UPD will notify the student's family and determine a contact for further communication and facilitate closure of the student's personal affairs at the University.
- 1.1.1.6 UPD will notify the OVPSEES, Lock Shop, and Parking Services as to the student's death, as well as any other pertinent departments, with relevant contact information for the deceased and contact information of the next of kin responsible for the deceased's estate.

1.1.2 Office of the Vice President for Student Enrollment, Engagement, and Success (806-651-2050)

- 1.1.2.1 Notify UPD if OVPSEES is first to be informed by emailing bereavement@wtamu.edu.
- 1.1.2.2 Facilitate communication with the family to express condolences on behalf of the University and to determine a family contact in order to close the student's personal affairs at the University and the student's estate.
- 1.1.2.3 Attend funeral and/or memorial services and arrange for flowers to be sent.
- 1.1.2.4 Notify the appropriate campus representative for the student's faith.
- 1.1.2.5 Act as the liaison between the student's family and the University.

Contact information for next of kin will be provided for each department.

1.1.3 Residential Living (806-651-3003)

1.1.3.1 Pro-rate housing and meal plan charges based on withdrawal date determined by the Registrar, and process refund if necessary. Facilitate the return of the student's property to the family. If the family is unable to claim the property, the personal possessions should be inventoried, packed by two staff members, and safely stored.

1.1.4 Communication and Marketing (806-651-2125)

1.1.4.1 Primary in responding to media inquiries about the death, in accordance with the University plan of disseminating information and updates.

1.1.4.2 Notify the Office of the Vice President for Philanthropy and External Relations.

1.1.4.3 Initiate and coordinate a crisis communication plan as necessary.

1.1.4.4 Provide news releases and fact sheets if necessary.

1.1.4.5 Post condolences and memorial service information via social media after any and all family notifications.

1.1.5 Academic Deans of Colleges

1.1.5.1 Notify the deceased student's advisor.

1.1.5.2 Attend the funeral or memorial service, if possible.

1.1.6 Registrar (806-651-4911)

1.1.6.1 Withdraw the student from any current or upcoming courses. The date will be determined case by case to maximize a full refund. The Executive Vice President and Provost will determine any potential refund after the final date for automatic refunds.

1.1.6.2 Mark student as deceased and address as 'former' in Colleague.

Determine the need to convene Student Counseling Services counselors to comfort the University community and arrange counseling sessions. Follow up as needed to make sure processes have been completed.

1.2 Special Student Death Situations

Special student death situations include the death of an international student, study abroad student death, death as part of an experiential education experience, death of a minor involved in a University-sponsored program, or a student death during holiday or semester break. In special death situations, immediately involve UPD and OVPSEES and follow the steps indicated. It is critical to leave contact information where you can be reached over the next 24 to 48 hours. UPD will verify the information by teletype through the investigating law enforcement agency. UPD must receive the Law Enforcement Teletype from the agency reporting/investigating the death to make a death notification. As much information as possible must be gathered about the circumstances surrounding the student's death. Begin a written log of communications and actions as the crisis progresses. Include as many details as possible about the location, timing of events, and witnesses, as well as the names and contact information of all parties involved. Itemize all steps taken before, during, and after the death. Assess the impact of the event once it has ended, and document all actions taken in a written report. It is very important to verify representatives of the victim's national, ethnic, or cultural group. Be sensitive to the victim's ethnicity, and identify and ensure observance of any culturally sensitive issues, rituals, and traditions related to the victim. If applicable, communicate with the International Student Office.
