Elective hour: If CHEM 1305 or BIOL 2420 is taken, an additional elective hour may be needed to total 120 overall hours required for the Nursing program.

NOTE: This is a list of the required courses for admission to the WTAMU Nursing Program. Upon completion of the WTAMU Pre-Nursing admission requirements, there is a second, competitive application process to be admitted to the BSN program. Students should complete or be enrolled in the last six or fewer Pre-Nursing courses when applying.
For more information please contact Department of Nursing Admissions Counselor at 806-651-2693.

A basic or transfer student who is not enrolled in courses in one of the four official nursing semesters (Junior I, Junior II, Senior I, and Senior II) is considered to be a Pre-Nursing major, Code 700. When a student is admitted to the WTAMU BSN program and begins Junior I nursing courses, the major code is changed to Code 701, unless the student is a registered LVN, in which case the major is changed to 713.

¹ **CORE:** Nursing majors are required to take specific courses for Core 30, Core 80, and Core 90. For all other categories, they may select from any available options (see degree checklist). Apart from the major-specific core requirements, there is no set order in which core courses must be taken.

Additional notes:

- The core curriculum must total exactly 42 hours; excess hours must be moved to the major as an elective or a major requirement and stay within the 120-hour requirement or approved total submitted to the Coordinating Board for degree requirements. Some majors specify particular courses to meet core curriculum requirements when options are available.
- At least 36 hours of advanced work (3000- or 4000-level courses) for which tuition is paid must be earned at WTAMU. A maximum of six semester hours in religion (RELI) and six semester hours in physical education (PHED) courses can count toward a baccalaureate degree.

DISCLAIMER: This curriculum guide should be used in conjunction with the corresponding degree checklist for general planning purposes only. The degree checklist (later a student's official degree plan) should be referred to as the comprehensive list of all courses required for the degree. An official degree plan is required after completing 30 hours. Students should always seek the advice of their academic adviser before scheduling classes.
