¹ CORE: There is no set order in which core courses must be taken (see degree checklist).

Prerequisites/Important Sequences/Other Degree Notes: We strongly encourage HCA students to earn a Management Minor. This minor is very beneficial in the job market as well as for reducing the number of leveling courses if the student gains admission to an MBA/MBA HCA Program.

Identified Marketable Skills	Top Three Local Employers or Industries/Professional Programs/Possible Career Opportunities
The Healthcare Administration Option prepares students for various entry-level positions in healthcare administration. An MBA/MBA HCA is required for positions in higher levels of healthcare administration.	Amarillo Hospitals / Healthcare Clinics Area Hospitals / Healthcare Clinics WTAMU College of Business

Additional notes:

- The core curriculum must total exactly 42 hours; excess hours must be moved to the major as an elective or a major requirement and stay within the 120-hour requirement or approved total submitted to the Coordinating Board for degree requirements. Some majors specify particular courses to meet core curriculum requirements when options are available.
- At least 36 hours of advanced work (3000- or 4000-level courses) for which tuition is paid must be earned at WTAMU. A maximum of six semester hours in religion (RELI) and six semester hours in physical education (PHED) courses can count toward a baccalaureate degree.

DISCLAIMER: This curriculum guide should be used in conjunction with the corresponding degree checklist for general planning purposes only. The degree checklist (later a student's official degree plan) should be referred to as the comprehensive list of all courses required for the degree. An official degree plan is required after completing 30 hours. Students should always seek the advice of their academic adviser before scheduling classes.
