¹ **CORE:** SES Exercise Science majors are required to take specific courses for Core 20, Core 30, Core 80, and Core 90. For all other categories, they may select from any available options (see degree checklist). Apart from the major-specific core requirements, there is no set order in which core courses must be taken.

<p>Identified Marketable Skills</p> <p>Oral/Written Communications – Career Management – Teamwork/Collaboration – Professionalism/Work Ethic</p>	<p>Top Three Local Employers or Industries/Professional Programs/Possible Career Opportunities</p> <p>Fitness, Wellness, and Sport Performance Centers – Preparation for education in allied health fields – Opportunities for graduate education in exercise physiology, biomechanics, or human performance</p>
---	---

Additional notes: - The core curriculum must total exactly 42 hours; excess hours must be moved to the major as an elective or a major requirement and stay within the 120-hour requirement or approved total submitted to the Coordinating Board for degree requirements. Some majors specify particular courses to meet core curriculum requirements when options are available.

- At least 36 hours of advanced work (3000- or 4000-level courses) for which tuition is paid must be earned at WTAMU. A maximum of six semester hours in religion (RELI) and six semester hours in physical education (PHED) courses can count toward a baccalaureate degree.

- This degree track prepares the student with the scientific foundation for human performance with content in exercise science, biomechanics, and exercise physiology. Additionally, through appropriate use of electives, degree prepares one for further education in allied health and advanced exercise science fields.

- Important sequencing: SES 2321, SES 3343, and SES 3441 are the prerequisites for SES 4356; BIOL 2402 is the prerequisite for SES 3441; SES 3441 is the prerequisite for SES 4340. **DISCLAIMER:** This curriculum guide should be used in conjunction with the corresponding degree checklist for general planning purposes only. The degree checklist (later a student’s official degree plan) should be referred to as the comprehensive list of all courses required for the degree. An official degree plan is required after completing 30 hours. Students should always seek the advice of their academic adviser before scheduling classes.
