

Trauma Academy

The Amarillo College Trauma Academy is proud to announce our 2027 course schedule for two of the most prestigious advanced trauma care certifications:

- **Advanced Trauma Life Support (ATLS)**
- **Advanced Trauma Care for Nurses (ATCN)**

Through our site approvals with the American College of Surgeons and the Society of Trauma Nurses, these courses provide a standardized, systematic approach to the "golden hour" of trauma care, equipping providers with life-saving skills and clinical confidence.

Why Attend?

Gold Standard Certification:
Earn a globally recognized 4-year certification.

Continuing Education:
Credits are awarded upon successful completion (CME for physicians/APPs and CNE for nurses).

Integrated Learning:
Benefit from a collaborative environment where physicians and nurses train side-by-side during core lectures before moving to specialized hands-on skill stations.

For more information concerning class titles, dates, prices, class offering dates, and enrollment please visit our website.
