

A WORLD OF POSSIBILITIES

WEST TEXAS A&M UNIVERSITY™

West Texas A&M University will prepare you to thrive in a dynamic, global environment.

Today's world — tomorrow's, too — is one of constant change, but WT will teach you how to flourish amid uncertainty, to appreciate human creativity and to acquire the skills needed to contribute to society.

At WT, we provide a distinctive mix of faculty excellence and individualized attention to create a superb learning environment for our students. By studying with us, you will learn to critically analyze issues, appropriately apply technology and effectively communicate ideas. You will have the opportunity to study agriculture, environmental science, business, education, music, nursing, engineering and the natural sciences or any of the dozens of other fields we offer.

Here, you will be challenged to learn, to develop an appreciation of the arts, literature and different cultures and to grow intellectually and socially. At WT, your intellectual and personal growth will take place not only in the classroom, but also in the many social, athletic and extracurricular activities offered on campus.

The West Texas A&M University community welcomes you.

West Texas A&M University is located in the great state of Texas, the second largest state in the United States. The University is in the city of Canyon, home to about 14,500 residents and just 15 miles south of Amarillo with 200,000 residents.

university structure

The University consists of six colleges, three schools and a graduate school:

Paul Engler College of Agriculture and Natural Sciences

Paul & Virginia Engler College of Business
- Amarillo National Bank School of Accounting, Economics and Finance

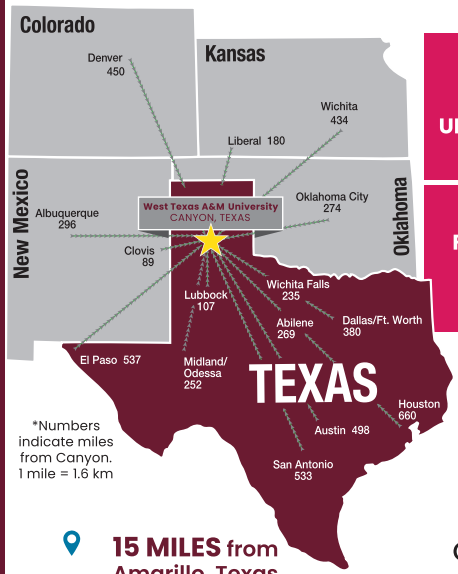

Terry B. Rogers College of Education and Social Sciences

College of Engineering

Sybil B. Harrington College of Fine Arts and Humanities
- School of Music

College of Nursing and Health Sciences
- Laura and Joe Street School of Nursing

embrace the full college experience at WT

Your time as a student at West Texas A&M University is not just about earning a degree; it's about the experiences and relationships that will shape your future.

student activities

Pick from over 100 student clubs, organizations, and sports clubs. No matter what you choose, there is a place for you to shine and make a difference.

wellness & support

Students can visit Student Counseling Services, Student Medical Services, and the Virgil Hensen Activities Center to support their mental, physical, and emotional needs.

athletics

Feel the energy of Buff pride through our 15 Division II athletic programs, featuring national champions and student-athletes. One of the best perks about being a Buff fan – enjoy any WT athletic event for FREE!

jack b. kelley student center

The JBK is filled with action ranging from a variety of live events to study sessions. Plan to hang out with friends here, grab a bite to eat at the food court, or even play a game of ping-pong!

West Texas A&M University is a growing, vibrant campus where innovative ideas thrive and meaningful careers are born.

WT provides a unique blend of liberal arts and career-oriented educational opportunities, quality instruction, selective admissions, affordable cost and a friendly and safe campus atmosphere.

From world-class performance facilities to state-of-the-art engineering labs, WT has the right tools to help students succeed. WT faculty make sure students receive a thorough and rigorous education that combines real-world, hands-on experiences to prepare them for challenging and fulfilling careers.

WT serves a diverse student population of over 9,000 students with approximately 150 international students representing 55 different countries.

immigration and visa information

what is an F1 student visa?

An F1 student visa is a non-immigrant visa type that allows you to enter the US as a full-time student at an accredited university or college.

what is an I-20?

An I-20 is a form that is issued by an accredited US university or college. This form is required to be able to attend an F1 student visa interview.

The I-20 contains information about the student, the school, and the student's program of study.

how do I get an I-20?

Per the US Department of Homeland Security federal regulations, to obtain an I-20, a student must:

- Clear compliance check
- Be fully admitted into the university
- Show financial verification (proof of finances) for at least 1 year of study
- Submit a copy of their Passport Biographic Page

F1 student visa process

1. Get fully admitted to WT
2. Submit all required I-20 documents
3. Receive your WT I-20
4. Pay the I-901 SEVIS fee
5. Schedule your visa appointment

deadlines

Fall Semester Deadlines:

I-20 Document Submission:
July 15

Last Day I-20s will be issued:
Aug. 1

Spring Semester Deadlines:

I-20 Document Submission:
Nov. 15

Last Day I-20s will be issued:
Dec. 1

Programs listed in maroon do not require GRE (may have additional program requirements)

take your future to the next level

residential living

The campus is home to 9 residence halls as well as a cafeteria open for breakfast, lunch and dinner. We recommend choosing either Jarrett Hall or Centennial Hall since these halls are open over the whole of winter break, when other residence halls and the rest of the university are closed and offer housing for all Meta Majors between them. Living on campus enables students to experience college life while concentrating on academic study and utilizing college facilities and activities. Facilities like the cafeteria, gym and library are easily accessible and within walking distance of all residence halls. WT does not provide family housing.

WT's University Police Department patrols 24 hours to keep the campus safe. Students can use the free shuttle bus service when available and have access to UPD's on-campus escort service at night. Not only is the campus environment a safe one, but the city of Canyon is one of the safest cities in the state of Texas.

Scan the QR code for residential livng information.

internship and employment opportunities

International students are eligible for employment in the U.S. in three different categories while in F-1 visa status.

1. On Campus Employment
2. Curricular Practical Training
3. Optional Practical Training

These training opportunities allow international students to gain experience in their related field of study and help prepare them for employment after degree completion. All U.S. employment opportunities for students are subject to visa regulations.

Your journey as a Buffalo awaits, and we can't wait to have you on our campus.

highlights

- WT offers a private school experience with the benefit of lower public school tuition
- If you earn a $1,000 academic scholarship, you may also be eligible for additional tuition savings.
- Scholarships are renewable based on eligibility
- Ability to complete some degree programs all-online from home country
- Dedicated International Student staff that will assist you through the application, admission and student visa process

"Studying at West Texas A&M University has given me the chance to develop strong academic and leadership skills while being part of a diverse and supportive campus community. The faculty genuinely care about student success, and the resources available have helped me grow both professionally and personally. WT has been an essential part of my journey.

I also want to express my sincere gratitude to the International Office. You have been incredibly supportive throughout my journey, and it has made a meaningful difference. Thank you so much."

Stuart Badilla, Freshmen general business student from Costa Rica

benefits

- Admission to undergraduate programs is based on high school grades and proof of English proficiency
- SAT and ACT results not required for admission decisions, however, they may qualify you for higher scholarship awards
- Admission to graduate programs is based on undergraduate degrees, proof of English proficiency and specific program requirements
- WT has many graduate degree programs that do not require GMAT or GRE for admission decisions
- Named safest campus in Texas and top 10 safest campuses in the US
- Beautiful campus located in Canyon, Texas

"Coming to WT from another country was a big step, but it quickly became a place I could call home. The people and community made my experience so special, and I've loved every minute here. These past four years have been some of the most meaningful and rewarding of my life. I am incredibly grateful to the International Office team for their support and for helping to make this experience so memorable."

Morgan Walter, Sports and Exercise Science masters graduate student from Canada
