MINIMUM HOURS REQUIRED TO COMPLETE DEGREE 120	MINIMUM HOURS REQUIRED TO COMPLETE DEGREE	120	

[♦] NOTE: The core curriculum must total exactly 42 hours; excess hours must be moved to the major as an elective or a major requirement and stay within the 120hour requirement or approved total submitted to the Coordinating Board for degree requirements. Some majors specify particular courses to meet core curriculum requirements when options are available.

NOTE: Some courses may have pre-requisites that are not included within the degree and may need to be taken as electives.

NOTE: At least 36 hours of advanced work (3000- or 4000-level courses) for which tuition is paid must be earned at WTAMU. A maximum of six semester hours in religion (RELI) and six semester hours in physical education (PHED) courses can count toward a baccalaureate degree.

NOTE: This is NOT a degree plan. All undergraduate students must request an official degree plan from their academic dean's office by the time they have completed 30 credit hours.

^{*} Indicates prerequisites—see catalog for more information.
** Or an equivalent course (second year, second semester) in a foreign language. *** Recommended by department.
