ELECTIVES				
MINIMUM HOURS REQUIRED TO COMPLETE DEGREE	120			
Admission into the undergraduate program in communication disorders requires a				

minimum 3.0 GPA. Core classes must be completed, including CD 2374. The deadline to apply is April 1. Admissions are for fall only at this time. Contact the department for more information.

NOTE: This is NOT a degree plan. All undergraduate students must request an official degree plan from their academic dean's office by the time they have completed 30 credit hours.

[♦] The core curriculum must total exactly 42 hours; excess hours must be moved to the major as an elective or a major requirement and stay within the 120-hour requirement or approved total submitted to the Coordinating Board for degree requirements. Some majors specify particular courses to meet core curriculum requirements when options are available.

^{*} Indicates prerequisites—see catalog for more information.
** While MATH 1332, 1342 and 1350 will fulfill core math requirements, they will NOT prepare students for higher-level math courses such as Plane Trigonometry (MATH

¹³¹⁶⁾ or Pre-Calculus (MATH 2412).

*** Or an equivalent course (second year, second semester) in a foreign language.
