

Date:

Applicant Name:

Student ID# (if a current/former WTAMU student):

Please supply the following information and submit this form to the WTAMU Graduate School when complete.

(1) If accepted, do you plan to pursue a thesis? Yes No

(2) What is the name of the faculty member that has agreed to serve as your graduate supervisor?

(3) Identify your specific area(s) of interest (check no more than three areas):

- | | |
|---|---|
| <input type="checkbox"/> Aerobiology and Allergy | <input type="checkbox"/> Mammalogy |
| <input type="checkbox"/> Arthropod Systematics and Biodiversity | <input type="checkbox"/> Microbiology |
| <input type="checkbox"/> Cancer Physiology | <input type="checkbox"/> Molecular Cytogenetics |
| <input type="checkbox"/> Cell and Molecular Biology | <input type="checkbox"/> Molecular and Behavioral Neuroscience |
| <input type="checkbox"/> Chemotherapeutics | <input type="checkbox"/> Ornithology |
| <input type="checkbox"/> Chronobiology | <input type="checkbox"/> Physiology |
| <input type="checkbox"/> Ecology | <input type="checkbox"/> Wildlife/Conservation Biology |
| <input type="checkbox"/> Genetics (Conservation, Microbial, or Crops) | <input type="checkbox"/> Other (please specify): <input type="text"/> |
| <input type="checkbox"/> Herpetology | |
| <input type="checkbox"/> Ichthyology | |

(4) List any laboratory and/or field techniques with which you have current working knowledge.

(5) Write a 1000-word minimum essay discussing your goals, both personal and academic, and how a M.S. in Biology from WTAMU will further those goals. You must also include a summary of your discussions with potential faculty graduate supervisors, particularly the faculty member who has agreed to serve as your graduate supervisor.
