ELECTIVES: 16-18 HOURS BY ADVISEMENT		
ELECTIVES	16-18	
MINIMUM HOURS REQUIRED TO COMPLETE DEGREE	120	

♦ A minimum of 42 hours from the core curriculum is required. Some majors specify particular courses to meet core-curriculum requirements when options are available. Ideally, these courses should be taken during the first two years of enrollment.
 * Indicates prerequisites—see catalog for more information.
 ** Or an equivalent course (second year, second semester) in French or German.
 *** Recommended by department.
 NOTE: Some courses may have pre-requisites that are not included within the degree and may need to be taken as electives.
 NOTE II: At least 39 hours of advanced work (3000- or 4000-level courses) for which tuition is paid must be earned at WTAMU, and 30 of the final 36 hours counted toward the degree must be earned at WTAMU. A maximum of six semester hours in religion and six semester hours in physical education (PHED) courses can count toward a baccalaureate degree.

Note: This is NOT a degree plan. After completing 30 hours, students are encouraged to request an official degree plan in the office of the dean of the College of Agriculture, Science and Engineering, located in the Agriculture and Natural Sciences Building, Room 106 (or call 651-2585). Students who have completed 45 hours will not be allowed to progress without requesting a degree plan.
