

Understanding Your Transfer Equivalency Report

Your Transfer Equivalency Report can be requested by contacting the Office of Admissions. The report indicates the WTAMU credit that has been awarded from your transferring institution(s). Each institution has its own page, so if you attended more than one college/university, you will have multiple pages.

The table below lists the possible codes found in the "Status" column of your Equivalency Report.

| Evaluation Equivalency Status Code Key | |
|---|---|
| 10 = Core Communication | 80 = Core Social/Behavioral Sciences |
| 20 = Core Mathematics | 90 = Core Institutionally Designated Option |
| 30 = Core Natural Sciences | TR = Transfer Credit |
| 40 = Core Language, Philosophy, and Culture | X = Dropped Course |
| 50 = Core Creative Arts | CR = Credit |
| 60 = Core History | NC = No Credit |
| 70 = Core Political Science | RPT = Repeated Course |

- If the code is a number, the course corresponds to one of our Texas Core Curriculum requirements and will transfer.
- If the code is "TR," the course will transfer.
- If the code is "NC," the course did not transfer to WTAMU.
- If the WTAMU course number is 1000, 2000, or 3000, WTAMU does not have an equivalent course and the course is considered elective credit. If you believe one of the elective courses could fulfill a degree requirement, you will need to complete a substitution form with your Academic Adviser.
- If you have an equivalent course titled BAAS*1000, the course(s) has been determined to be a technical/vocational/occupational course and can only be applied to our Bachelor of Applied Arts & Sciences (BAAS) degree program. The maximum number of "BAAS" hours allowed towards a BAAS degree is 48 hours.

Important Note:

- Course transferability does not guarantee the course can be applied to your specific degree program. Please consult with Advising Services (806-651-5300) or your Academic Adviser to determine which transferred credits will apply to your chosen degree program.
- Transfer grades are recorded for your student record, but will not count towards GPA at WTAMU.
